

CUSTOMizable for YOUR OFFICE and CUSTOMized for YOUR STATE! HIPAA MANUAL

Designed for easy customization to your individual practice with all the forms, documents and extensive training modules you need for your whole office.

HIPAA Privacy and security regulations have changed. Increased enforcement, accompanied by stiff penalties, is becoming a goal of government agencies. This 2013 HIPAA Manual will help you comply with the latest rules and procedures. It will also provide your office with THE TOOLS to produce your own privacy and security manuals as well as a 200 slide POWERPOINT to train your staff! You and your staff will be armed with the best source to help prevent unknowingly breaking federal and state law.
