COMLITE
SYSTEMS

"Efficiency is one key to a successful, profitable practice. Comlite helps us to process more patients, more quickly, with less stress - and that's money in the bank!"
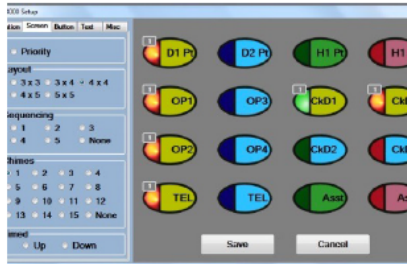

James Herman, OD

"I've been using the Comlite LAN4000 for a year now and I absolutely love it. I had the old paging system for years and when they came out with the computer version I had to have it. It saves so much time, can't imagine practicing without it."
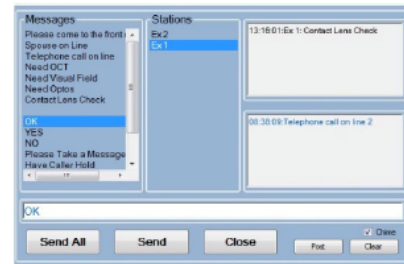

Timothy Shannon, OD
